## Factory Is Reported Closed, Police Say Crowds Are Orderly

A demonstration by workers at the Bear Brand hosiery factory entered its eighth day this morning as a large crowd of people gathered near the factory gates. Pickets stopped a few workers who attempted to go through their lines about 7 o'clock this morning. However, the factory gates were not opened.

The demonstration is reportedly being conducted in order to get recognition of union local No. 2504, United Textile Workers of America, an American Federation of Labor affiliate. However, some departments are also asking for a wage increase including the dye house department where the dispute began last Wednesday.

Present Petition  
One hundred and twelve persons signed a petition which was later presented to State Attorney Joe Tolson yesterday afternoon for police protection to enter the plant. Tolson called for a meeting of the mayor, and officials of the police department and sheriff's office to consider the petition this afternoon.

According to Sheriff Dan Bergan and Chief of Police John Rogers the crowd has been orderly and no violence has taken place.

Late this afternoon it was reported that the plant had closed.

## 'Glad' Festival Opens Tonight At Mommence

Lt. Gov. Hugh Cross To Crown Queen At 8 O'clock

Formal opening of the fourth annual Mommence gladiolus festival will occur at 8 o'clock this evening when Lt. Gov. Hugh W. Cross crowns the queen in Mommence high school auditorium.

The glittering affair will be placed upon the head of Miss Ruby Graves of Lowell, Ind., with the six members of her court of honor looking on following which the festival ball will be held.

Accompanying the lieutenant governor will be State Senator Louis E. Beckman and State Representatives Victor McBroom and Harry Topping.

Day and Night Programs  
On Thursday the three-day program of afternoon and evening entertainment will open. Each day at 2 p. m. the gladiolus festival parade will be held. In addition to professional entertainers, there will be a softball elimination tournament offering \$100 in prizes for competing teams from Chicago Heights, Kankakee, Pembroke, St. Anne, Mommence, Dear Lake and Herscher.

Concerts will be given by the Mommence band assisted by the gladiolus festival youngsters and the Kankakee high school concert band. At 11 p. m. Friday, the festival fireworks display will be held.

A flower show and carnival entertainment are other events on the school grounds.

River Pageant  
On Saturday, the closing day, events will include the Junior American Legion baton twirlers competition in which nearly 100 boys and girls will participate at 4 p. m.; the festival boat pageant, featuring many beautifully decorated boats floating westward down the Kankakee river at sundown, 6:30 p. m.; the Junior Legion drum and bugle corps competition competing for \$250 in prize money; and awarding of an auto by the Mommence-Garner post of the American Legion at 11 p. m.

The 1941 gladiolus festival committee includes W. W. Thierien, president; Roy Hess and Edgar Bonvallet, vice presidents; Arnold Sherwood, secretary and Elmer Deliere, treasurer.

Theft Charge Collapses In Police Court

A charge of larceny filed against Leroy Jensen, 30, who has been rooming at the residence of Derworth Jones, 578 South Rosewood avenue, was dismissed by Magistrate Edward Hoenicke in police court last evening following a hearing which lasted all day.

Jensen and Jones both work at the Coca Cola Bottling company. On the morning of last July 23, they arose and went out for breakfast. Jensen reached for his wallet to pay for his meal and discovered he didn't have it. Recalling that he left it on a table at home, he asked Jensen to go back home and get it for him while he finished his meal.

Jensen did not report that he didn't find it. The billfold contained \$38. Later Jones' wife, Florence, swore out a warrant against Jensen, claiming that she saw him come into the room and pick up something.

Jensen, who boxed at a Ludlow carnival that evening, injured his ribs and didn't go to work the next day. When he heard of the warrant he came in voluntarily and at the hearing yesterday, the complainant failed to prove to the satisfaction of the court that she saw him take the money. For want of sufficient evidence, the case was dismissed.

Jensen was represented by Attorney Francis Householder while Assistant State's Attorney Armen Blanke represented the state.

50 Planes On Tour Of State Here Friday

The 1941 Illinois pilots' air tour and efficiency flight of 50 planes will stop in Kankakee 20 minutes on Friday it was announced today in United Press dispatches from Springfield. The planes will arrive at 11:10 a. m. and leave at 11:30.

Forty of the pilots will compete for prizes as the air fleet visits 11 cities and returns to Springfield for the opening of the state fair Saturday morning. The non-competing planes will carry contest judges and private pilots interested in the tour.

Tomorrow night the pilots will stop at Danville and Friday night at Galesburg. Other cities where stops will be made are Alton, Du Quoin, Mt. Vernon, Charleston, Bloomington, Lansing, Dixon and Marion.

Acting Gov. Hugh W. Cross will accompany George C. Roberts, state aeronautics commission secretary, who will fly the flagship of the aeroclade.

## Senators Firm on Long Draft Term

Washington, Aug. 6.—(AP)—Administration leaders intent on securing an 18-months service extension for the army's rank and file, made their immediate objective today the defeat of a new substitute proposal which would limit the length of additional military duty to a single year.

The one-year limitation proposal, sponsored by Senator Burton (R-Ohio), was generally regarded as one of the last major hurdles in the way of a final senate vote on the service extension legislation. The chamber rejected an attempt yesterday to hold additional service to a six months limit.

Standing pat for an 18-month extension, Senator Barkley of Kentucky, the Democratic chief, said he was unwilling to accept the 12-month limitation as a compromise substitute.

As the senate entered its fifth day of debate on the measure, there appeared to be no doubt of its final approval in a form giving the President authority to extend the service of selectees, national guardsmen and reserves beyond the present limit of one year. The tenure of regulars who enlisted for three-year periods also would be lengthened.

The senate heard an impassioned plea for speedy passage of the legislation yesterday from Senator Lee (D-Ola.), who told his colleagues that he was convinced the army must be kept intact if this country was to avoid war.

"I can't imagine anything that would be a greater invitation to war," Lee declared, "than to demobilize this army we have now."

Site For Mommence Munitions Plant Not Yet Chosen

In spite of rumors to the contrary, the site of the \$7,000,000 munitions regulating plant to be constructed near Mommence has not yet been selected, it was indicated today.

William Thierien, member of the industrial committee of the Mommence chamber of commerce, said that he has received a telegram to that effect from Congressman A. P. Maciejewski, Cicero, Ill., in Washington.

Mr. Thierien said he has no information on the report that a contract for the construction of the plant has been awarded to Henry Erickson, Chicago.

Reds, However, Say They Are Resisting On Every Warfront

By the Associated Press  
DNB German news agency said today that the Russian dead in the eastern war are estimated at 2,000,000.

The estimate was made on the basis of the German high command's statement that Russian losses have been many times the number of prisoners, set at 895,000.

Including prisoners the Russian losses run close to 4,000,000, the agency said, with the result that the Red army in the field "has fallen victim" to the German drive.

A special high command communiqué said that almost a million prisoners had been taken, many times more casualties inflicted and planes, tanks and guns seized or destroyed by the tens of thousands.

Fiercest Warfront  
The special report detailed word of steady German gains on one of history's hughest, fiercest warfronts. The battle of Smolensk, it said, has ended in a German victory, the Russians have been beaten back in every major war zone and they have suffered staggering losses of men and arms.

The Russians, however, declared they were resisting everywhere. Hitler's headquarters detailed at length what it described as lunges through the Soviet defense system at "three decisive points," south of the Pinsk (Pripiet) marshes, in the Smolensk sector on the road to Moscow, and south of Lake Peipus below Leningrad.

The German war bulletin asserted that the bloody three-week-old battle of Smolensk had now ended victoriously for Nazi invasion forces driving toward the Soviet capital.

The onslaught in this sector, described as "historically unique," in the unabating sequence of destructive blows against the Bolshevik "foes," was under the direction of Field Marshal General Fedor von Bock, the high command said.

To City Gates  
In the south, the Nazi war review asserted that German, Hungarian and Slovak troops had smashed forward "to the gates of Kiev," capital of the Soviet Ukraine.

"With this breakthrough deep beyond the Stalin line," the communiqué went on, "it became possible to turn southward in a broad front between the Dnieper and Dniester rivers, cut off the enemy's retreat and begin an encirclement battle which presently is raging at full fury."

Declaring that the time had now come to disclose results of "the tremendous struggle which began with the breakthrough of the Stalin line," the Nazi high command asserted.

"As apparent from numerous reports, Soviet leadership no longer possesses a reliable picture of the situation on their own front."

Herrin, Ill., Aug. 6.—(AP)—R. J. Kemp's hobby of grafting limbs on to trees has given him a one-tree orchard in the yard of his home here.

From a single plum tree, he is "harvesting" this summer one variety of peach, two varieties of cherries and four varieties of plums.

## Railroad Men Asked To Give Okay To Strike

Long Period Will Be Required To Learn Workers' Sentiment

Chicago, Aug. 6.—(AP)—The nation's 120,000 organized railroad workers were asked by their leaders today to authorize a strike to enforce demands for increased pay.

Strike ballots were sent to workers after representatives of 135 railroad companies operating 99.1 per cent of the nation's mileage rejected wage demands which they said would add \$900,000,000 annually to operating expenses.

Danger of a railroad tieup actually is months off because of protective provisions of the railway labor act which governs such disputes.

Intervening Action  
Spokesmen for 14 unions of 850,000 non-operating workers said the result of their voting would be known in a week, but those of the five unions of 350,000 operating workers said from 20 to 30 days would be required to determine their sentiment.

If a strike were approved, they agreed, a date for the walkout would be set quickly. More time could be consumed, however, by the intervention of the national railway mediation board involving additional conferences. If no settlement resulted, President Roosevelt could appoint an emergency fact finding board which would delay action 60 days.

Negotiations on the wage question collapsed yesterday. The carriers conference committee had been discussing wage, rule and vacation issues with labor chiefs since July 24.

30 Per Cent Increase  
A 30 per cent pay increase was sought by the operating unions, consisting of locomotive engineers, firemen and conductors, trainmen and switchmen. The current wage rates vary according to unions, rules and classifications, the lowest wage being \$5.06 a day for switch tenders.

Raises of 30 to 34 cents an hour were demanded by the nonoperating unions—clerks, telegraphers, machinists, shop laborers and such employees. They now are paid an average of 67.4 cents an hour.

State Approves Paving Of Sixth And Mulberry Sts.

State approval of two city gas tax paying of objects was received today by City Clerk Ralph Farmer.

These include asphalt pavement on South Sixth avenue from Jeffery to Water and on East Mulberry street from Schuyler to Greenwood avenue.

The improvement, to be paid for out of the city's share of motor fuel tax receipts, will also include curbs and gutters. Work will start early in September, it was said.

## Illinois Crops Being Damaged By Lack Of Rain

Springfield, Ill., Aug. 6.—(AP)—Increasing damage to Illinois crops due to excessive heat and lack of rain were reported today by the federal and state departments of agriculture. "A widespread drought situation is developing in the south-western counties of the state where many farmers now are hauling water for their stock and several towns are threatened with a shortage of water," said the report.

"Pastures have suffered most from the heat to date. With the exception of some of the more favored rainfall areas upstate, a good general rain is badly needed to check the increasing tendency toward uneven and declining crop conditions, also to improve pastures, sizing of fruits, and soil conditions for plowing."

A. J. Suratt, senior agricultural statistician, said the drought conditions had not yet seriously damaged corn and soybeans except in the southwest, but that both crops "are beginning to show the adverse effects of the heat," elsewhere in the state.

In the main corn and soybean producing sections of central and northern Illinois, Suratt said, "the present optimistic prospects will be reduced considerably if there is not a change to rain and cooler weather shortly."

Most of the corn in northern Illinois is in the critical pollination stage, while the bulk of the crop in the central section is filling. Except in the extreme north, development of corn continues from ten days to two weeks ahead of normal.

Soybeans were reported still "very good" in the main producing sections, although rain is needed to support the heavy growth.

WRONG PHONE NUMBER, LIVEN ON SLUG, IRKSOME

Gary, Ind.—(UPI)—George Miller, Chicago's chief clerk, believed there might

have been some justification in a customer's anger when, failing to get her nickel back after dialing a wrong number, the customer walked the receiver off the hook and walked out of the store with it.

But it was something of a shock when telephone company workers

repairing the phone reported that the last coin deposited was a slug.

BOYS SEE DOUBLE HEADER, USING RAGWEED FOR PAST

Wilmington, Del.—(UPI)—More than a ton of ragweed was the ticket with which 350 boys saw a double header baseball game.

They brought it—each supplying a bushel—in wheelbarrows, pails, paper boxes, cardboard boxes and even in their arms.

It was part of the Garden club plan to eradicate the hay fever-inducing weed from Delaware.
